## Trouble Shooting

TROUBLE	ACTION
No power	Check and see if the power cable is connected properly.
No picture	Make sure that the equipment is connected properly. Check and see if the connected monitor is turned on.
Stopped picture	Check and see if the video cable is connected, if the monitor is turned on.
The playback picture is poor	Clean the disc
No color	The color system of this unit does not match the color system of the monitor. Check the color system of the unit.
Distorted sound	Adjust the video system by pressing the TV system button. (PAL, NTSC)
The remote control doesn't work properly	Remove any obstacles between the remote control unit and the remote control sensor. Operate the remote control at a shorter distance.
"DISK ERROR" is displayed on the screen	Set the power button to OFF and then back to ON alternatively. Turn off the power, disconnect the power plug, and then reconnect it.

### Check point

When a disc is brought from a cold environment to a warm one, there may be moisture on the disc, or condensation will appear on the pickup lens. It will affect the disc playback.

1. Remove the disc from the Multimedia player.
2. Turn on the power and leave it on for an hour to vaporize the condensation.
3. You can now operate the Multimedia player without any problem.

### Caution

Please read and observe all warnings and instructions in this owner's manual and those marked on the unit. Retain this booklet for future reference.

The two kinds of alarm symbols are as follows:

#### WARNING

The lightning flash with arrowhead symbol within an equilateral triangle is intended to alert the user to the presence of "dangerous voltage" within the product's enclosure that may be of sufficient magnitude to constitute a risk of electric shock to persons.

#### CAUTION

The exclamation point within an equilateral triangle is intended to alert the user to the presence of important operating and maintenance (servicing) instructions in the literature accompanying the product.

### WARNING

The driver should never operate these products while the vehicle is in motion!

Installation of all TV monitors must be out of the driver's field of vision!

Do not try and service these products yourself, seek only a qualified service center or factory service center.

Be careful not to drop or apply undue pressure to the front panel of your video monitor. If the screen cracks due to misuse your warranty will be void!

Make sure to keep products away from heater ducts or vents and out of direct sunlight. Do not mount forward of the driver's shoulders.

Be careful not to overload your cigarette lighter plug by adding more than one device at a time.

Be careful with any liquids in your car. If you or your child spills any liquid on these products, park your vehicle at the roadside, turn the key off to disconnect the power and then wipe the products with a towel. Do not operate the equipment until all liquids have evaporated or you have had the monitor inspected by a qualified Technician. Severe harm or death can occur!

Just use a wet cloth to clean the screen, only use purified water on the cloth, wring out all excess water before wiping the screen. Do not use any cleaners or chemicals to clean the screen. In most cases a dry cloth will do!

Do not mount the product where it will obstruct the deployment of the airbag or in an area where it would affect the vehicular control. Also be careful to avoid mounting the product where it can become hazardous during sudden stops or in the event of an accident.

### Caution

Quality installations are performed by qualified and certified installers.

Watching the monitor for an extended period of time without the engine running may deplete the vehicle's battery charge.

This product is designed for operation with a 12 Volt DC, negative ground vehicle. It is not suitable for operation under other conditions or voltages.

### Check Point

- 1 The operating temperature of this product is limited to  $-4^{\circ}\text{F} \sim +176^{\circ}\text{F}$ . Your vehicle can reach temperatures up to  $212^{\circ}\text{F}$  in the summertime.
- 2 If your vehicle is extremely hot or cold you must allow time for your air conditioner or heater to cool or heat the vehicle until operating temperatures have returned to the normal operating ranges.
- 3 Optimum picture quality will be achieved when viewed from directly in front of the monitor ( $\pm 30$  degrees).
- 4 Do not open the housing and attempt to make any repair yourself. Refer servicing to qualified personnel.
- 5 Multimedia Players use an invisible laser beam which can cause hazardous radiation exposure. Be sure to operate the unit correctly as instructed.
- 6 Do not cut the car power supply off while a disc is playing. It can cause damage to the Multimedia Player.

Title (Multimedia Only)

The main film content or accompanying feature content or additional feature content, or music album. Each title is assigned a title reference number enabling you to locate it easily.

Chapter (Multimedia Only)

## Cautions on Use

### Handling

When holding with both hands

### Cleaning discs

Fingerprints or dust on discs may reduce sound or picture quality. remove them by wiping the disc with a soft cloth from the center toward the edges gently.

- Do not use damaged (cracked or warped) discs.
- Do not scratch the signal surface or let it become dirty.
- Do not stick a label or a glue-based note on either side of the disc.
- Do not use discs that have glue or a damaged label with exposed adhesive residue, it might result in damage to your Multimedia player.

Do not put discs in the sunshine.  
Park your car in the shade

For tough dirt, wipe softly with a wet cloth and then with a dry one.  
Do not use any type of solvent such as thinner, benzene.  
Do not use antistatic spray.

### Irregularly shaped discs

Irregularly shaped discs (heart-shaped discs, hexagonal discs, etc.) cannot be played on this player.  
May cause damage to the player.  
Only use round discs.

### Storing discs

Always put discs in their place and store them vertically.  
Do not put discs in a hot or humid place, places exposed to direct sunlight and places in which the temperature is extremely low or high.

Read any cautions included with the disc carefully

## Disc Information

### Multimedia features

Multimedia discs provide high-resolution images with high-quality sound and surround sound effects. This Multimedia player can play not only Multimedia discs of various versions, but also S-VCD, VCD, audio CD and MP3 discs.

Each disc only plays the information saved in it, and some functions cannot be utilized.

### Discs that cannot be played

Multimedia-RW, Multimedia-REM, CD-ROM, CD-EXTRA discs cannot be played on this unit. Also, a CD or a CD-RW which was recorded on special software cannot be played.

### Region code

Your Multimedia player is designed and manufactured to region management information that is recorded on a Multimedia disc. The region number of this Multimedia Player is 1. This Multimedia player plays free code also.

### Copyright protection.

This product incorporates copyright protection technology that is protected by methods claims of certain U.S. patents and other intellectual property rights owned by the Macrovision Corporation and other rights. Owner's use of this copyright protection technology must be authorized by the Macrovision Corporation, and is intended for home and other limited viewing uses only unless otherwise authorized by the Macrovision Corporation.

### How to handle the disc

Don't touch the shiny side of the disc (the side with the embedded information).

Don't stick a label or a glue-based note on either side of the disc. Don't use discs that have glue or a damaged gluey label- it might result in damage to your Multimedia player. Don't put discs in the sunshine. Park your car in the shade.

### Caution

Wipe softly with a wet cloth and then with a dry one.

Before playback, wipe the disc outward from the center with a clean cloth.

Do not use any type of solvent such as thinner, benzene, commercially available cleaners or antistatic spray.

To avoid damaging your Multimedia player, don't use a scratched disc.

## Name and function of each part

Sections of a picture or a musical piece that are smaller than titles.

A title is composed of one or several chapters. Each chapter is assigned a chapter number, enabling you to locate the chapter you want. Depending on the disc, no chapters may be recorded.

Track (Video CD and audio CD only)

Sections of a picture or a musical piece on a video CD or an audio CD.

Each track is assigned a track number, enabling you to locate the track you want.
